The Wedding Collection

This is a collection of four video clips that are posted online in private channel where the videos can be viewed, shared, downloaded or streamed to your Apple TV, Roku and Android.

Included is a FREE lifetime account to store the videos.

The Wedding Archive (1TB USB Hard drive) \$250

This option provides you with all the files created on the day of you wedding, both photo and video. Wedding Archive costs \$500 if ordered after the wedding date. Your files are only stored up to 1 year.

Certificates of Insurance available on request. F.A.A. registered and Part 107 Certified. Services fully insured. All packages are payable in three installments.

Photography Services

- Photo editing - color adjusted/graded.
- A mix of both color and black & white images.
- Final images posted online for guests to buy.
- The final wedding image archive provides both high quality images for printing and web quality for sharing.
- 20x30 Canvas Print (not included)
- Wedding Album - 10x10 with 20 pages, leather bound album embossed your names and the date. All images are retouched and placed in creatively designed layouts. (Not included)

Pricing is for weddings within 30 miles of our office. There is a travel fee of \$200 for events within 60 miles.

Add 6.625% NJ Sales Tax. A 10% discount is available for first responders, healthcare workers, veterans and military members.

THE PHOTO STAGE

\$1100

Real props, hats & masks
All images posted to the couples website
Each guest gets a full-size 4x6 print,
UNLIMITED PRINTS!

Step up to the Photo Stage! Far better than just a photo booth. We provide a real photographer with a real professional Canon DSLR camera, studio lighting, backdrop and awesome props. No paper cut-outs or virtual props. We purchase real hats, masks and props so your guests can have the most fun. The standard Photo Stage backdrop is blue curtains, but we can provide a custom backdrop or you can get your own.

Wedding Album Design

All albums include color correction, basic retouching, selective coloring and sharpening. Any special retouching, removing people, objects, head swaps, or other requests will be priced before any work is done.

We provide a download of all retouched images and the album spreads converted to screen resolution JPEGs. All album prices include two session changes. The costs of albums are based on the time for design, materials used and the number of pages. Couples can email us through our website's contact form for an album appointment any time after the wedding. Once we work out the type of album and the number of pages, you can pick out the images. Together we will create an album you will treasure for a lifetime.

Basic Retouching

- Face - remove skin imperfections, enhance texture, whiten teeth, brighten eyes, skin tone, stray hairs
- Clothes - wrinkles, lint, stain removal
- Background object removal - exit signs, telephone wires, unsightly items in the way
